

CALGARY, ALBERTA
OCTOBER 8–10, 2019

**Reliable.
Cost-Competitive.
Clean.**

Canada's Leading Wind Energy Conference & Exhibition

The Canadian Wind Energy Association (CanWEA) Annual Conference & Exhibition is the best gateway to learn about and get involved with one of the country's most cost-competitive, clean and reliable options for new energy.

An Industry Experience You Won't Get Anywhere Else

The CanWEA Annual Conference & Exhibition is the ONLY show of its kind in Canada. Uniquely focused on Canada's wind energy market, the event provides a venue for more than 1,500 industry leaders and stakeholders from around the world to make connections, discuss the latest developments and identify opportunities for future growth.

A Powerful & Diverse Industry Network

Our annual conference provides unparalleled networking opportunities making it the meeting place for all stakeholders in the Canadian energy industry. Taking place over a three day period, the CanWEA annual conference attracts powerful and influential wind energy players from across Canada and the world – each of them eager to build new relationships, strengthen existing connections, and foster business partnerships.

91% of attendees agree that the CanWEA conference offers valuable networking opportunities

87% of attendees rate the CanWEA conference as good or excellent

85% of attendees agree that the CanWEA conference is the industry-leading event

2017 survey results

Canada: A Global Energy Leader

12,816 MW total installed wind energy capacity in Canada * ...
enough to power over

3.3 million homes **8th in the world**

That's 6% of Canada's electricity demand!

for installed capacity

* as of January 2019

#1 new source of electricity: WIND ENERGY

Largest source of new electricity generation in Canada for over a decade

299

Wind farms
across Canada

6,596

Number of grid-
connected turbines
in Canada

20%

10 year average annual
growth rate of wind energy
in Canada (approximately
1,000 MW/year)

69%

Rate of decline of
wind energy costs
since 2009

TAKE YOUR PLACE IN THE FUTURE OF CANADA'S WIND INDUSTRY.
JOIN US AT THE 35th CanWEA ANNUAL CONFERENCE & EXHIBITION.

EARN RECOGNITION AS A WIND ENERGY EXPERT. Stand out in front of more than 1,500 wind energy peers.

EXPAND YOUR NETWORK AND GENERATE LEADS. Meet with international experts to discuss opportunities in Canada's growing wind energy industry.

DISCOVER THE LATEST INNOVATIONS. Learn firsthand about the leading edge technology and approaches used around the world.
